Company Profile

The Background

Popular Since Apparatus Workshop Pvt. Ltd. is a young professional organization founded in 1974 by a team of professionals. The team comprises of Engineers who have experience in various types of laboratory equipments for schools, colleges & Medical fields. PSAW-INDIA is an Organization, which is highly responsive to exceed customers expectation.

Our interests are to provide the customers with outstanding products of lab Equipments, Such as physics, chemistry, Biology, Models, Charts and lab Glassware's etc. Value in a Domestic & international global environment.

Started in 1974, a dynamic team of professionals after extensive market survey decided to develop an lab

equipments for school & college's labs. The products were launched in the market in 1974. Our lab equipments glassware's were designed to be cost effective, reliable and extremely accurate in performance.

Encouraged by outstanding growth in sales and outstanding customer encouragement **PSAW** Export in international market.

The organization

Being a professionally managed **PSAW-INDIA EQUIPMENTS** is headed by Mr. S.P.Verma as Director and as Founder & CTO (Chief Technology Officer).

PSAW staffed is with over 44 years in the field of R & D, Production, Sales, Support and Administration.

PSAW-INDIA Staffed are well experienced, highly qualified with several years of practical exposure/knowledge in the lab equipments and products.

PSAW-INDIA equipments and products to remain self reliant on every front of customer satisfaction.

Manufacturing Facility

PSAW have two manufacturing plants at Industrial Town-Saha-Ambala (Haryana) India. **PSAW** employs state of art high technology machinery in the process of manufacture and assembly to ensure quality standards. **PSAW** now owns a state of the office cum production unit at Saha the Industrial hub of Ambala.

Product

The Following products are manufactured and marketed by **PSAW**

- | | |
|---|---|
| 1. Scientific Laboratory Equipments | 2. Agricultural Laboratory Equipments |
| 3. Bio-Technology Lab. Testing Equipments | 4. Medical & Hospital Equipments |
| 5. Educational Equipments | 6. Physics Lab. Equipments |
| 7. Engineering Instruments | 8. Chemistry Lab. Equipments |
| 9. Biology Lab. Equipments | 10. Lab Glassware's |
| 11. Pharmaceuticals Equipments | 12. Oil & Petroleum Equipments |
| 13. Lab. Plastic wares | 14. Food, Processing Machinery & Testing Equip. |

PSAW now have a website portal in the name of www.psawcatalogue.com & <http://www.popularscientific.com> which is gateway for our customers to the internet. It caters to all customer requirements.

PSAW products are well accepted and affordable. The products are competitive in quality, features, reliability, ruggedness, user friendliness and price.

Marketing & Customer Support

PSAW primarily treats customer queries with importance. **PSAW** marketing team handles customer calls with ease and dedication. You can always get your support by email/Fax/Telephone. A guaranteed reply is assured within 36 Hours.

Goal

PSAW is aiming at achieving a good market share for its products globally. It focuses in operating, through efficient distributors across the globe. **PSAW** aims at becoming one of the leading manufacturers of Lab Equipments Plan to increase product range with a strong and committed design and development team seems to be an easy task for **PSAW**.
